Washington DC town hall meeting on Ethiopian transitional government

Ethiopian National Transitional Council (ENTC) is preparing to hold a town hall meeting in Washington DC on Sunday April 13 2014, to facilitate a public dialogue on the process of establishing a transitional government in Ethiopia.

Panelists at the town hall meeting will include distinguished Ethiopian scholars, religious leaders, human rights advocates, and prominent Ethiopians. The April 13 town hall meeting is a continuation of ENTC's campaign to get the participation of all stakeholders in the process of establishing an all inclusive transitional government. Efforts will be made to organize similar meetings across the world.

As we all know, currently Ethiopia doesn't have a legitimate government. The country is being ruled by a criminal tribal regime that is inciting ethnic and religious hostilities throughout the country while looting the country's resources dry. As a result, Ethiopia continues to be among the most poverty-stricken countries in the world.

We will begin to advertise the event for Ethiopians around Washington DC area. Join us at the April 13 Washington DC town hall meeting and take part in the effort to transition our country from a brutal dictatorship to a genuine democracy.
